

Data Flow Diagrams and User Stories

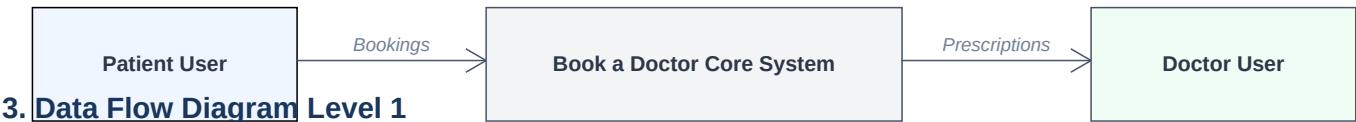

Process Flow Mechanics

1. User Stories

- **Patient Story:** As a patient, I want to filter doctors by fees and hospital location so that I can find a suitable specialist within my budget.
- **Doctor Story:** As a doctor, I want to write digital prescriptions online so my patient has a clear, downloadable medical record.
- **Admin Story:** As an admin, I want to see analytical charts of all appointments so I can monitor hospital utilization statistics.

2. Data Flow Diagram Level 0 (Context Diagram)

The context diagram illustrates boundaries, inputs, and outputs of the Book a Doctor system core processing.

3. Data Flow Diagram Level 1

Visualizing secondary processes including Authentication, Search, Booking Database operations, and Notification broadcasts.
